OBJECTIVE

Looking for a challenging position as a front-end developer, leveraging my strong foundation in HTML, CSS, and JavaScript, as well as my enthusiasm for creating engaging user experiences. I am dedicated to expanding my knowledge in front-end technologies, collaborating with cross-functional teams, and contributing to the development of intuitive and visually appealing web applications. I am seeking an opportunity to apply my creative problem-solving skills and contribute to the success of an innovative organization.

CAREER SUMMARY

- ✓ Proficient in HTML, CSS, and JavaScript
- ✓ Familiarity with front-end frameworks such as React and Angular
- ✓ Good at writing database queries
- ✓ Knowledge of responsive design principles and mobile-first development
- ✓ Experience with version control systems like Git
- ✓ Good at understanding phases of Software Development Life Cycle
- ✓ Familiarity with UI/UX design principles
- ✓ Strong communication, analytical, reasoning, and problem-solving skills.
